

Stackable Snap-In Hangers, 1/2", stainless steel (kit of 10)

### Product Description

Stackable hangers from RFS are designed for quick and secure installation of 1/2-, 7/8-, 1-1/4- and 1-5/8-inch foam dielectric cable. These one-piece stainless steel hangers save installation time and cost. The hangers, requiring no tools, are easily installed by hand. Robust construction securely locks the cable in place while allowing for additional cable runs to be stacked up to three deep. The hangers ensure positive attachment to 19 mm (3/4") pre-drilled mounting surfaces and easily combine with RFS universal angle adapters, ANGLE-UI, to mount to angle members on the tower.

### Features/Benefits

- Stack different size cable in the same run
- Stackable up to three deep
- Quick and secure installation
- Packaged in kits of 10 hangers
- Recommended spacing - approximately 1 m (3 ft)

### Technical Specifications

Product Line	Coaxial Cable Accessories Hybrid Cable Accessories
Product Type	Hanger
Hanger Type	Stackable
Transmission Line Type	LCF12 HCA12-50 HB012
Cable Type	Coaxial Foam Dielectric Hybrid
Cable Size	1/2"
Material	Stainless Steel
Drill Hole Size, mm (in)	19 (0.75)
Package Quantity	10
